

Please Be Mindful / Did You Know?

Friendly Reminder to Pet Owners – For the comfort and safety of everyone in our community, please ensure your dogs are properly contained within a fenced area and on a leash while walking. Letting pets roam freely is against local bylaws.

We also kindly ask that you do not allow your cats or dogs to wander outside unattended. Neighbours may not appreciate animals entering their property or using it as a bathroom.

While we know how much you love your pets, not everyone feels the same way. Let's all do our part to be considerate and keep our shared community a great place to live. Thank you!

Dog License – As outlined in Town Bylaw No. 751 (Schedule A), all dogs must be licensed annually. Stop by the Town Office to register your dog and make sure your furry friend is a law-abiding pup! Licensing not only keeps you in compliance—it also helps identify your pet if they ever get loose. With a tag and up-to-date info, we can quickly identify your dog and contact you.

Business Licenses are also due. Pick up your Business License and get your business profile added to our Town of Davidson website.

DAVIDSON DAYS
June 19-21

Join us and enjoy the parade, pancake breakfast, slo-pitch tourney, fun family activities, face painting, indoor vendor market, fireworks, food trucks, beer gardens, free swimming, Friday & Saturday night entertainment and more...

Watch for more details!
Contact Dave at
(306) 567-2908

Be sure to mark July 17th on your calendar—the Legion is celebrating its 100th anniversary! Join them for a BBQ at the Co-op at noon, followed by cake and coffee at Town Hall.

Sewer	\$	36.00
Infrastructure	\$	25.20
Recycling	\$	32.61
Garbage	\$	48.18
Quarterly Bill	\$	195.99

What's the Scoop in Town

The Davidson Library Board, Davidson Legion and the Town of Davidson have been working for quite awhile now to get an elevator installed in the library. We were successful in receiving a grant this year. This grant along with money from each of the groups means we can go forward with this project. Construction will start beginning of May.

Council approved a motion to continue supporting STARS with a \$2 per capita donation in 2026. STARS provides vital critical care services, and the Town is pleased to contribute through this funding.

Council received an update from the Ministry of Highways regarding the Enterprise Lane intersection project. A detailed design consultant is now in place, and survey and drilling work have been completed. The project is moving into final geometric design and land procurement, with tendering anticipated in late fall and construction planned for 2027. The Town will explore a potential partnership with Highways for the design and construction of its portion of Enterprise Lane.

The Town will once again conduct a Dutch Elm Disease survey this summer. As a reminder, the provincial Dutch Elm Pruning Ban is in effect from April 1 to August 31.

The Coffee Pot is due for a refresh! Community volunteers interested in helping are asked to contact Arlene Low at 306-561-7880. The plan is to touch up areas where the grey paint has weathered.

Utility accounts are now due within **30 days**; rather than **90**. The other changes are rate adjustments to keep pace with inflation and to better reflect the rising costs of maintaining and upgrading water and sewer infrastructure. The last rate increase occurred in 2008 for sewer, 2015 for water, and 2016 for the infrastructure fee.

A penalty of 2% per month, will be added to all water and sewer accounts outstanding.

2026 Swimming Lesson Sessions

Panther Pool opens for the season on Monday, June 1st.

Swim for Life swimming lessons will be offered again this summer with the first set beginning June 1st.

Registration opens:
May 1st at 8 a.m. by visiting the Town website or in person at the Town Office.

Visit: SKRecycles.ca for a list of all the items you can bring.

Building Permits – We are always excited to see new work happening in town!! Remember to apply for your building permit in advance, to give the building inspectors ample time to go through the information and give their approval for you to proceed. It can take two or more weeks during the busy summer season. This includes garages, decks, renovations, basement development, etc. It is always best to check with the office before you begin the project so you are compliant, and don't get delayed with shut downs. **Professional Building Inspections Inc. (PBI)** are our building inspectors. They are knowledgeable about all of the building code information you might need.
